The Case for Moving Your European Production to Zevenaar

Unmatched Format Range

The only contract bottler in Europe running both 20ml miniatures and 1.75L large-format on the same site. One partner for your entire SKU portfolio.

Genuine Liquid Partnership

NPD team with 48 years of spirits expertise. We don't just fill bottles — we develop, refine, and optimise your liquid to production scale.

Scale Without Rigidity

1.5 million litre storage and double-shift capability for volume peaks. But never too large to give personal attention to smaller production runs.

Logistics at Europe's Hub

85km from Rotterdam, 15km from Germany. AEO customs status and multiple bonded warehouses. Your product moves faster and at lower duty burden.

BRCGS A+ Quality at Every Step

Not just certified — audited at the highest grade. 100% track-and-trace from raw ingredient to delivered pallet. Retail-ready compliance built in.

Experienced Leadership

Led by industry veterans with Bacardi, major retail, and independent brand experience. Decision-makers who understand your pressures.
